01

EXECUTIVE SUMMARY

KV Solutions is pleased to submit this proposal for the implementation of a boutique, health-focused vending network at Line 5 Condos. Our mission is to replace the outdated "junk food" vending model with a curated, "Green" retail experience that mirrors the wellness-oriented lifestyle of your residents.

> This is a **zero-cost, zero-risk partnership**. KV Solutions handles 100% of the equipment, installation, and daily operations. Your building receives a premium resident amenity at no capital cost and no management burden whatsoever.

02

THE KV SOLUTIONS PHILOSOPHY: "HEALTHY & GREEN"

Modern Toronto residents — particularly along the Yonge & Eglinton corridor — are increasingly health-conscious. Traditional vending machines are no longer an amenity; they are a relic.

- **Healthier Options First:** Less sugar, more protein, fewer artificial additives.
- **Dietary Variety:** Plant-based, high-protein, and lower-calorie choices.
- **Environmentally Conscious:** Recyclable packaging and energy-efficient hardware.
- **Local Sourcing:** Ontario-based brands where available.

03

WHY LINE 5 CONDOS?

Line 5 Condos represents one of Midtown Toronto's newest luxury developments — nearly 900 suites across two towers, steps from Eglinton Subway and the new Crosstown LRT. Residents are high-earning young professionals who demand convenience without compromising on health.

We target two high-value moments in the building:

1. **The Performance Moment (Fitness Center):** Residents seeking protein, electrolytes, or post-workout recovery fuel.
2. **The Focus Moment (Co-working Lounge):** Remote workers and professionals seeking clean caffeine and sustained energy.

04

LOCATION CURATION

Sample selection — products adapt to resident preferences over time.

Zone A: Fitness Center *(Performance & Recovery)*

- Organic Cold-Pressed Coconut Water
- Ready-to-Drink Plant Protein Shakes
- High-Protein Clean Nut Mixes
- Bottled Water
- Granola Bars

Zone B: Co-working Lounge *(Brain Fuel & Focus)*

- Ready-to-Drink Cold Brew Coffee
- Matcha Latte (Matchabar)
- Mixed Nuts & Trail Mix
- RXBar / Quest Protein Bars
- Sparkling Water (LaCroix)

05

WHAT THE BUILDING GETS

Zero Capital Investment	No equipment purchase, no installation fees, no ongoing costs. KV Solutions owns and operates all hardware.
Zero Staff Time	Your property management team never has to touch a machine. We handle stocking, cleaning, and maintenance.
Full Insurance Coverage	KV Solutions carries full CGL insurance. The condominium corporation bears zero liability. Certificate available on request.
24/7 Resident Access	Apple Pay, Google Pay, and all major Credit/Debit cards. No cash handling required.

06

OPERATIONS & EQUIPMENT

Dimensions	Approx. 72" H × 35" W × 35" D (6 ft × 3 ft × 3 ft)
Floor Space	~10–15 sq ft per unit including service clearance
Electricity	~$40–55/month per unit at Ontario rates. Drawn from existing common area outlets — standard industry practice. Hydro offset arrangement available on request.
Stocking	Weekly remote-monitored restocking, with sanitization of touch surfaces on every visit.

Uptime	24–48 hour resolution window for any mechanical issues via remote monitoring.
Resident Feedback	QR code on each machine links to a feedback form. Inventory adjusted monthly based on resident input.

07

AGREEMENT TERMS

Initial Term	12 months from date of installation
Renewal	Auto-renews annually unless either party provides written notice
Cancellation	**30 days written notice** at any time
Equipment Removal	Within 14 days of termination, at no cost to the building

08

NEXT STEPS

This proposal is specifically curated for **Line 5 Condos at 117 & 127 Broadway Ave, Toronto**. If you are interested in proceeding, simply reach out via email and we will move forward with the agreement and installation.
